

Sign-On Letter for Churches and Faith-based Organizations in Response to Death Threats Against JUSTAPAZ

As churches and organizations from around the world, we know of and support the work of JUSTAPAZ. As an organization of the Mennonite Church of Colombia, JUSTAPAZ has acted to promote peacebuilding in the midst of armed conflict for many years in Colombia. JUSTAPAZ is characterized by applying principles of nonviolence, justice and holistic peace in Colombia.

On Saturday, July 14, 2018, we learned of a communiqué in which an illegal armed group, self-identified as “Águilas Negras”, threatened to kill a group of social leaders, human rights defenders, organizations and journalists. JUSTAPAZ was included in the list.

Responding to these threats and as part of the international community:

WE EXPRESS our solidarity, support and accompaniment of JUSTAPAZ in face of this threat.

WE REJECT all forms of violence that could affect the staff of JUSTAPAZ and the communities that they accompany in different regions of Colombia.

WE DEMAND that the government of Colombia act with celerity and efficacy in investigating and judging those responsible for the death threats against JUSTAPAZ. Additionally, we demand they provide appropriate protective measures for the staff of JUSTAPAZ and the communities they accompany, with the goal of guaranteeing the continuity of the human rights and peacebuilding efforts they accompany, as a faith-based organization in Colombia.

Signed,
